Freedom at stake

Building and strengthening
a pro-freedom agenda globally

POLITICAL NETWORK FOR VALUES

The Political Network for Values is a transcontinental platform in favor of life, family and fundamental freedoms as a space of encounter and exchange of reflections and best practices. The Network and its allied organizations will gather political representatives from Europe, the Americas and other regions of the world in its 4th Transatlantic Summit, which will be held in Hungary. The Summit will address the intrinsic relationship between freedom and human dignity in the face of contemporary challenges. It's a call for political representatives, together with academics and civil society leaders, to contribute building the socio-political fabric for a free society.
